By the President:

Williem F. Wharton,

Acting Secretary of State,

The arrangement indicated in the above proclamation has been carried to completion with a degree of speed without precedent in the history of the State Department, and the cable has been relied upon to an unwonted extent. The agreement was signed this morning by Sir Julian Pauncefote and Acting-Secretary Wharton and the presidential proclamation followed as quickly as it could be prepared. The Navy Department has also been advised of the progress and necessities of the case, and orders are now in preparation for the immediate dispatch of possibly two naval vessels from San Francisco to Alaska, where they will assist the SPEEDILY ACCOMPLISHED. possibly two naval vessels from San Francisco to Alaska, where they will assist the three revenue cutters in the task of driving off the poaching sealing vessels. It will be noticed that the agreement authorizes United States vessels to seize offending British vessels, which, however, are to be turned over to the British authorities for trial, and this feature of the agreement is expected to prove of great value in the pressing emergency that is held to exist of clearing out the law-breaking vessels.

 [Reported for the Dispatch.] LOUISVILLE, KY., June 13.—The main feature of the week's pusiness has been the expect heavy receipts of tobaccos delayed in print during the late dry period, and the extra heav deferings consequent thereon, without regard an unchanged state of the demand. As undured these circumstances the market show some weakness in the grades most abundant at least desirable, in this case the medium grad selling between 5c. to 10c.; common lugs as good leaf maintained their values. The sales the breaks were almost confined to Burley, at leave nothing special to note as regards da tobacco, which, however, found sale privately. The intended crop is probably now all or nearly all planted, and may exceed slightly in sithe 1880 crop.
